

## **UNESCO Biosphere Isle of Man Youth representative on Stakeholder Partnership Group**

### **Basic information**

Are you a young person aged 18 to 24 with a passion for ensuring the Isle of Man has a sustainable future?

Are you willing to give up some time to listen to and represent the voice of other young people in a positive way?

UNESCO Biosphere Isle of Man, part of a global network of UNESCO Biospheres, is seeking a youth representative to join its Stakeholder Partnership Group, which steers its work, working alongside our existing youth representative.

UNESCO Biospheres contribute to sustainable development, conservation and learning.

UNESCO Biosphere Isle of Man delivers this via its strategy 'Working Together for a Sustainable Future' and its vision of 'an Island where people and the rest of nature have a sustainable future'.

The work is steered by the Stakeholder Partnership Group, which has membership from the public, private and third sectors.

Our new youth representative will develop ways of gaining young people's positive ideas for UNESCO Biosphere Isle of Man and represent these at Stakeholder Partnership Group meetings held twice a year, usually January and July, in the daytime, plus any additional meetings that are held.

Depending on the ideas they come up with, the volunteers will also help put them in to action.

There may also be the opportunity to represent UNESCO Biosphere Isle of Man at international level.

### **1 'Working Together for a Sustainable Future'**

Read more in the next section, 'What you will do.'

For a chat about this opportunity, please email [Biosphere@gov.im](mailto:Biosphere@gov.im) and book a Zoom call, phone call or in-person meeting.

The deadline to apply is 30<sup>th</sup> September 2023.

In line with GDPR, we will only hold your details for as long as necessary to recruit our youth representatives and if you are not chosen this time, we will delete them.
