

UNESCO Biosphere Isle of Man Youth representatives on Stakeholder Partnership Group

Basic information

Are you a young person aged 18 to 24 with a passion for ensuring the Isle of Man has a sustainable future?

Are you willing to give up some time to listen to and represent the voice of other young people in a positive way?

UNESCO Biosphere Isle of Man, part of a global network of UNESCO Biospheres, is seeking two youth representatives to join its Stakeholder Partnership Group, which steers its work.

UNESCO Biospheres contribute to sustainable development, conservation and learning.

UNESCO Biosphere Isle of Man delivers this via its strategy 'Working Together for a Sustainable Future' and its vision of 'an Island where people and the rest of nature have a sustainable future'.

The work is steered by the Stakeholder Partnership Group, which has membership from the public, private and third sectors.

Youth volunteers will be asked to develop ways of gaining young people's positive ideas for UNESCO Biosphere Isle of Man and to represent these at Stakeholder Partnership Group meetings held twice a year, usually January and July, in the daytime, plus any additional meetings that are held.

Depending on the ideas they come up with, the volunteers will also help put them in to action.

There may also be the opportunity to represent UNESCO Biosphere Isle of Man at international level.

1 'Working Together for a Sustainable Future'

For a chat about this opportunity, please email Biosphere@gov.im and book a Zoom call, phone call or in-person meeting.

The deadline to apply is 30th September 2022.

In line with GDPR, we will only hold your details for as long as necessary to recruit our youth representatives and if you are not chosen this time, we will delete them.
